RE: MOTION TO INTERVENE in the Application of Arizona American Water Company for increase in its Rates and Charges for utility service.

DOCKET No. SW-01303A-08-0227/W-01303A-08-0227

I wish to intervene in the application for increases in the Waste Water rates and charges filed by Arizona American Water. I am a residential customer. At the meeting today with the Arizona American Water Company, they stated they had made an investment of \$4.5 million on a plant for waste water. Their increase is from \$50 per home to \$90 per home. They have 1246 customers in this area of homeowners who are mostly on fixed incomes & pensions who cannot afford this increase. I feel the company made a bad decision on the population growth in this area and now expects the homeowners to "bail" them out. They also expect an 8% increase in their return investment on this project. I also wish to know how Bullhead City homeowners pay only \$32 per home and the rest of the area either has septic tanks or pays this outrageous waste water bill.

I should not have to pay for their errors in judgment unless they wish me to be part owner in the corporation and have a say in the running of their business. I do NOT want a rate increase of any kind. Also, they are not being competitive with the rates in this area.

I hereby certify that a copy of this Notice of Intervention has been mailed to Arizona American Water, 927 Hancock, Bullhead City, AZ 86442.

Sincerely,

Andy Panasuk
